OLD BUSINESS

COMMITTEE REPORTS:

CENTRAL PARK: - GENE WARDEN

COUNTY AGREEMENT – County and KIC agree that liability insurance is not a requirement. However, the insurance company claims that coverage is needed because it is a county park.

KIC LIABILITY INSURANCE – The current premium is \$600.00 annually but the new coverage would be \$1700.00. Gene and Karol Stevens will continue to search for a different company and possibly reach out for some legal advice. It might be possible to use waivers for the volunteers that help on the different tasks for the community.

“SLOW DOWN” HWY SIGN UPDATE – CLAIRE WARD – The sign is available and will be put up.

HWY 308 BUSINESS SIGN REPLACEMENT PROJECT UPDATE – PEG GARRISON – Will follow-up with the businesses to see if they want to continue on their own or wait until later when the KIC activities resume and we have more funds available to contribute to this project.

EMERGENCY PREPAREDNESS – KAROL STEVENS – Due to the virus, the committee has not met this year but they were able to distribute Covid-19 fliers to the whole community on two different occasions.

Rosie Watne has an inventory of medical equipment such as wheelchairs, walkers, and crutches in her garage. A complete list of these items will be provided to the community via an email on MailChimp.
